Thank you for arranging our meeting today to learn about Ring's approach to reducing crime in communities.

# **Program Summary**

- 1. **No Cost** Neighbors Portal by Ring is a free service offered to Law Enforcement.
- 2. **Community Engagement** Law Enforcement's ability to join the conversation on the <u>Neighbors</u> app (in response to videos or comments posted by the Neighbors community).
- 3. Alerts Ability to post alerts based on proximity to the recipient, in the <u>Neighbors</u> app.

4. **Video Request** - Ability to request videos from Ring device owners who may have captured footage, that may be of help to you for new or active investigations.

As the attached MOU is reviewed, please feel free to contact me at any time. My direct number is 310-907-9479. As part of our security protocol, I have mailed a postcard to you with a code. Once you receive it, please enter the code at the end of the MOU document, along with the signature, prior to sharing it with me via email (hard copy is not required).

#### Neighbors by Ring Memorandum of Understanding

This agreement is entered into this 23rd day of August, 2019 by and between Ring LLC ("Ring") and Shorewood Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Shorewood ("Village") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
  - O Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
  - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

#### Ring

- Make the Neighbors App available to Village residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

#### Agency

Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

#### Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

#### Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

#### Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

#### Compensation

At no point shall either party receive compensation from each other as a result of this program.

#### Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

**To:** Police Department **Subject:** RING Neighbors App

**Importance:** High

Effective today the Shorewood Police Department has joined the RING Neighbors Community. Postings have gone out via our other social media pages and via the app. Here is exactly what went out should you receive any questions. If you are a RING customer you know some of this, but the most important items are highlighted if they come under question.

#### **Key Facts**

- The Neighbors app is a free way for residents to receive real-time local crime and safety updates directly from their smartphones.
- Ring launched the Neighbors app in May of 2018 as part of their mission to support safer neighborhoods and more connected communities by creating a free tool for residents and local law enforcement to share real-time local crime and safety information whether or not they own a Ring device.

The Neighbors app network has millions of users across the nation and has already been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

- The Neighbors app is available for free on iOS, Android and FireOS devices. Residents can text 'JOINTODAY' to 555888 from their smartphone to receive a link to download the Neighbors app.
- Once downloaded, residents can join their digital neighborhood and use the app to: view neighborhood activity;
   share crime and safety-related videos, photos and text-based posts; and receive regional safety alerts from their neighbors, local law enforcement and selected crime and safety news sources all in real time.
- Local law enforcement agencies can join the Neighbors app in their communities and use it to;
  - O Send real-time alerts to residents in a particular area.
  - o Provide updates about local crime and safety incidents.
  - Submit requests for video footage and information relevant to local investigations.
- Like other social media sharing platforms, law enforcement participation on the Neighbors app is not meant to replace 911. If residents see a crime occur they are encouraged to immediately report the incident through official department channels.
- Posts made by users other than law enforcement do not display the poster's identity.
- Joining the Neighbors app does not grant law enforcement access to cameras or user data. Law enforcement
  can only view content residents have publicly posted to the Neighbors app or that they have decided to share
  with law enforcement in response to a specific request.

2

Residents do not need to own a Ring device or any other home security system in order to download and use

the Neighbors app. Anyone with a compatible smartphone or tablet can download the Neighbors app.
